

**LED LENSER®  K3**  
 Light midget with gigantic power

LED	High End LED
Length	68 mm
Weight	34 g
Luminous flux	15 lm*
Batteries	4 x AG13 1,5 V
Energy tank	0,92 Wh
Burning life	2 h**
Beam distance	33 m*
Technical Data	

The flashlight for all those who like to travel lightly. Albert Einstein delivered impressive proof of the amount of energy contained in only one gram of matter.

Our latest micro lamp LED LENSER® K3 won't reveal its power, high tech and brightness at first glance, but whoever presses the switch will experience a shining miracle. Weighing a mere 34 g and measuring 68 mm, this lamp may be called a midget, but its efficiency and light output are worthy of a giant. K3 features the Blue Moon Focus System. A blue circle surrounds the homogeneous light cone.

Included in delivery: batteries

Item No. 8313  
 Blister Pack 8613

\* Luminous flux (lumens) resp. max. beam distance (meters) in the brightest function when switching on with new set of fresh alkaline batteries. Average values, may vary  $\pm 15\%$  depending on type of chip and batteries.  
 \*\* Average hours of burning life as measured until residual luminous flux amounts to 1 lumen.
